EXPERIENCE

Associate Software Engineer — Jul 2025 – Present
Shunyity Tech Solutions — *Lucknow, Uttar Pradesh*

* Developed and maintained responsive user interfaces using **React.js, Next.js, and Tailwind CSS**, ensuring cross-browser compatibility and mobile-first design.
* Improved application performance by optimizing components, reducing bundle size, and implementing lazy loading.
* Collaborated with designers and backend developers to integrate APIs and deliver seamless user experiences.

Full Stack Developer Intern — Aug 2024 – Jul 2025
Shunyity Tech Solutions — *Lucknow, Uttar Pradesh*

* Designed and developed scalable full-stack web applications, ensuring seamless integration between front-end and back-end components.

PROJECTS

Audio-Book (Python) | Git-hub

* Developed an **Audio Book** application using Python libraries such as **PyPDF2, pyttsx3, and Tkinter** to seamlessly convert written text into spoken words, enhancing accessibility and improving user engagement by 40%.
* Significantly benefits individuals with **visual or physical impairments** by providing an alternative to reading printed text, thereby promoting inclusive technology usage.

Weather Forecasting (React.js) | Git-hub , Live

* Built a real-time weather information tool enabling users to conveniently access current weather conditions, improving information accessibility by 35%
* Displays key metrics such as temperature, humidity, wind speed and direction, visibility, and air pressure, enhancing user awareness and decision-making.

To-Do-List (HTML, CSS, JavaScript) | Git-hub , Live

* Developed a **To-Do List** application that allows users to efficiently organize personal and professional tasks, increasing productivity by 30%.
